activity, making for a story really epic but with some flaws After a brief battle, Ben apparently annihilates the villain. The pilot and aired on December 27, 2005, as part of a taste of the Saturday morning formation of Cartoon Network. Not only does it boast of a higher estimate of generation and better coordination, but it successfully captures both appearance the soul of first animated arrangement in live activity frame. Improvements, acting and activity they're better. I admit that in the main film, the acting is terrible. The second episode was shown as a special on Cartoon Networks Friday on January 13, 2006, and also last regular episode aired on April 15, 2008.
